CHAPTER JOURNALIST

Doris Washington

As journalist I am proud to feature my first Newsletter for Delta Kappa Chapter.

Feature Article

GOOD NEWS - I like to take the time to recognized a very special person that's worthy of an honorable mention among many Sorors of Delta Kappa Chapter. This individual has served faithfully in many positions of the Chapter. She makes no noise and stay behind the scene of all things we do for the Chapter. This person is none other than Soror Vera F. Watson.

For many years Soror Watson has served the Sorority. She has been the backbone behind working our Nursing home visits and events every year. We do not have to ask her to serve on any committee. She has one committee (Nursing Homes) that

she is always a volunteer for. That's her baby and that's where she has been serving for the last 15 years or more.. Soror Watson set up our visits to varies Nursing homes which have included -The Paramount Nursing Home, Happy Home Nursing Facility and Everlasting Home Health Care.

For special holidays Soror Watson has collected and distributed flowers for Mother's Day, Father's Day, Grandparents Day, Thanksgiving Baskets, and Christmas Baskets to nursing homes. During the Christmas holiday season along with chapter Sorors, she provides baskets of socks and toiletry items to the home. She also visits the sick as well just to put a smile on their faces. Delta Kappa appreciates this Soror and we are happy to have her as a member. We salute her and know that she will keep up the good work.

Kudos
